Visual Arts

Tuesday, June 1st, 4:30-5:30 pm
Extension Meeting Room

Acrylic painting on canvas. This is our LAST visual arts project meeting for the 2020-2021 4-H year. Members will have an opportunity to paint with acrylic paint on canvas for a unique piece of art that could easily be submitted for judging at county fair. Members will be introduced to blending; splattering; the color wheel and more.

Cost is \$5 to cover paint; canvas; paint brushes; various items to construct an abstract work - including sponges, q-tips, bubble wrap, cotton balls, etc.

**The visual arts project meetings do not 'build' upon one another so anyone is welcome at any time. No previous experience required!

PLEASE RSVP to lizwillij@gmail.com or 513-378-9189 so we can be certain we have enough supplies - particularly canvases!

Questions please contact

Liz Williams 513-378-9189 lizwillij@gmail.com
(text or call - please leave a name as I may not recognize numbers) email is preferred as it's easier for me to keep track.

Sport Fishing

After the long winter months of indoor meetings, watching videos, tying flies, and learning fishing knots, the warmer and longer days are finally here! May's Sport Fishing meeting was at Laramie's Huck Finn Pond and we had a great time catching freshly stocked rainbow and cutthroat trout!

Kids used both traditional/spinning rods and fly rods to catch fish.

Through the summer, we will continue to take advantage of warm evenings and have more outings at Huck Finn. Toward the end of the summer, we may get more adventurous and try our luck on some bigger water in the area.

For more information on the Sport Fishing group, contact Jeff McDonald at jeff_mcdonald@mac.com or call/text (307) 760-2404.

Community Service Spotlight

Albany County 4-H Community Service Committee

is excited to recognize 4-H members who are doing community services and volunteering in Albany County! This month we are featuring...

4-H rabbit project members were not able to participate in live show events in 2020 due to a fatal virus called Rabbit Hemorrhagic Disease Virus - Type 2 (RHDV2). This virus is highly contagious in both domestic and wild rabbits; but serves as no threat to humans. Out of an abundance of caution, live rabbits were not permitted to participate in the 4-H Rabbit Show, Rabbit Agility, or in the Junior Livestock Sale because RHDV2 was found in northern Colorado. This disease is highly contagious, and it is nearly always fatal. Vaccinating domestic rabbits annually is the only way to ensure protection against RHDV2.

On May 1st, Alpine Animal Hospital hosted a RHDV2 vaccine clinic for rabbit enthusiasts across Wyoming. 4-H members and Rabbit Project participants, **Dax Evertson** and **Emerson Vohland** volunteered to assist with the event. Their work included setting up and manning a check-in table, ensuring that shoes were treated with a bleach solution prior to entry into the facility, and cleaning examination areas between groups. They photocopied vaccine records and brought rabbits to the examining tables for veterinary exams. **Dax** and **Emerson** pitched in wherever they were needed and ultimately helped to protect more than 220 rabbits.

To learn more about Rabbit Hemorrhagic Disease Serotype2, go to: [fs-rhdv2.pdf \(usda.gov\)](https://fs-rhdv2.pdf.usda.gov)

A huge "Thank You" goes out to veterinarian Dana Peterson for her hard work and dedication to helping keep our rabbits safe from RH2DV. Without her efforts, our 4-H community would not have live rabbit events at the 2021 Albany County Fair.

To Make the Best
BETTER

Hello! Welcome our summer intern: Taylor!

My name is Taylor Ruckman and I am serving as the Albany County Extension Summer Intern. I have been working for 4-H since I graduated from high school in 2017. I was a member for 10 years and completed projects in rabbit and swine showmanship, sewing, fashion review, cooking, visual arts, photography, junior leadership, and archery. I participated in 4-H National Conference where I served on a youth panel for NASA, and in a 4-H sponsored trip to Finland where I learned about how 4-H operates in different countries. Since then, I have helped plan 4-H camps and workshops for fashion, cooking, showmanship, produce judging, and creative writing. I am so excited to be back this summer to share my knowledge with our members and to learn from all of you! Let's have a great 4-H season serving our clubs, our community, our country, and our world.

-Taylor

Calculating Market Weight

Use the following formula to determine how much weight your market animal should be gaining in order to meet the weight requirements for county fair:

- Determine the number of days until weigh-ins on Monday, August 2nd
- Determine the average daily gain
 - Sheep: 0.5 - 0.75 pounds per day
 - Swine: 1.5 - 2.0 pounds per day
 - Beef: 2.5 - 2.8 pounds per day
 - Goat: .2 - .3 pounds per day
- Determine the target finishing weight (what you want your animal to weigh at county fair)
 - Sheep: min. weight for co. fair = 100#, no max
 - Swine: min weight for co. fair = 220#, max - 325#
 - Goat: min. weight for co fair = 50#, max. = 150#
 - Beef: 22.5 lbs./inch hip height
- **Example:** You attend the May 29th 1st weigh-in. You guess that your pig will gain approximately 1.7 pounds per day. There are 64 days until county fair weigh-ins on Aug. 2nd. On that day you would like your pig to weigh 250 pounds. Now plug in those numbers to the formula to determine what your pig should weigh at the preliminary weigh-in:
 - (days to co. fair) x (avg. daily gain) = lbs. needed to gain → 64 days x 1.7 lbs. per day = 108.8 lbs to gain
 - (target finishing weight) - (lbs. to gain) = weight today → 250 lbs - 108.8 = 141.2 weight today

** Please note: In most circumstances, based on frame score and body condition, a typical market lamb, hog, steer or goat that weighs in at the *minimum* weight for county fair, may not be considered "market ready".
