

Find your SPARK! According to Search Institute, sparks are interests or passions that light a fire in a person's life. Sparks show inner passions, interests, and talents that inspire new paths. Isn't that what 4-H is about? One of the amazing benefits to 4-H, is there are so many amazing people willing to help youth find their spark! And sometimes, adults find theirs too! 4-H has an exciting new model called the Thriving Model. When members find their spark, they can set goals and achieve their dreams.

- Sparks inspire kids to take action!
- Sparks provide that intrinsic fuel to grow and learn!
- Sparks help build a child's network!

So, what is your SPARK? What are things you are excited to learn about? What is something you look forward to doing? Are you curious about how things are made? Do you love to be around animals? Do you like to build things with your hands? Once you find your spark, you can then create goals. Start small with achievable goals. Find someone who knows about the topic to show you the way. And remember, it is OK to fail! Just try again! Parents, please be supportive of your youth's spark. 4-H is a chance for them to dabble or dive into areas that excite them. And if you don't know what your spark is, try new and different things!
