Wyoming 4-H Philosophy

State Contests and Events

The Wyoming State 4-H program provides a multitude of contests and events as *opportunities* for youth to demonstrate the “mastery” skill level in a fun environment and the chance to be recognized in front of their peers. These contests and events are driven by youth interest, current programming efforts, volunteer and parent support, and financial resources (see *Contests & Awards* publication).

Each educator is encouraged to have youth members participate in these contests and events. As a new educator, determining the needs and interests of the youth is beneficial. The utilization of volunteer leaders for educating, organizing, and coaching youth is the most practical and beneficial method to effectively and efficiently manage these many opportunities.

State events sponsored by the State 4-H Office
