

UW Extension Stakeholder Input – Focus Group Questions (updated 10/23/18)

4-H and Youth Development Questions:

1. *Tell us one thing that you enjoy about the young people in your community or enjoy about being a young person.*
2. *What are the most positive things you see happening among young people in your community today? Please provide an example.*
3. *What are the challenges that you see young people facing in their everyday lives? When possible or appropriate, please give an example.*

Agriculture and Horticultural Questions:

1. *Tell us one thing that you believe agriculture contributes to Wyoming communities*
2. *What are the most positive things you see happening in agriculture today? Please provide an example.*
3. *What are the challenges you see agriculturalists of all types facing in their everyday business? This includes everyone from the small gardener to the large producer. Please give an example.*

Rangeland Questions:

1. *Tell us one thing you enjoy doing when you are out of doors.*
2. *We want to identify the different groups of people who have an interest in range and natural resources. Who are the different groups in our population affected by these resources or that might have an interest in resource issues?*
3. *What are the specific needs and issues that each group may have related to range and natural resources? What issues are they experiencing? What is a challenge for them?*

Nutrition and Food Safety Questions:

1. *Tell us what being healthy means to you.*
2. *Think about the food and physical activity choices you make. What helps you to eat healthy and be active?*
3. *Making positive food choices and being active can be challenging for us. Why don't we always make positive food choices and live an active lifestyle? What challenges us?*

Community Development Education Questions:

1. *Tell us the most positive things you see happening in your community today? Please give an example.*
2. *What are the challenges that you see facing your communities today and in the future? Please give an example.*
3. *What difference would you like to see UW Extension make in your community in the next 5 to 10 years?*
4. *What opportunities do you see for UW Extension to create educational programs that build on your community's strengths or address the challenges you've identified or make the difference that you would like to see?*
