## NATRONA COUNTY 4-H "CHAMPIONS" EDITION

Dear 4-H Families & Friends:

**SPARK OPPortunity...a term you'll be seeing and hearing frequently in this new 4-H year.**

4-H programs are developed in the **belief that kids learn best by doing**. 4-H kids complete hands-on projects in areas like science, health, agriculture, civic engagement, and more.

*Sparks* are what help youth see the potential within themselves. Sparking their inner passions, interests and talents that inspire them on the path to thriving is central to youth development work.

Sparking the passions and interests of youth goes beyond project and club program involvement.

In the world of positive youth development research, there is growing evidence of key developmental assets that help youth thrive rather than simply "get by." Dr. Peter Benson from the Search Institute describe this passion as one's "**spark**." *Sparks* are what help youth see the potential within themselves "*sparkling*" their interests and talents that inspire them on the path to thriving which is central to youth development work.

*Sparks* are activities and interests that brings out a person's energy and joy, allowing them to express their personality and contribute to the world. This can be something they're good at and/or already participate in (like playing the piano, skiing, dance, sports, or painting), or something you care a lot about (like community involvement), or a quality (like helping others). But how does someone find their spark?

The path to finding one's *spark* starts with exploration – 4-H'ers have an opportunity to explore and find their *spark* through their club and project work. Through the club, they spend time with others of varying ages in the community. With the wide variety of project areas, 4-H helps youth find their *spark* in different areas of interest from citizenship to STEM to animal science.

**Be watching throughout the 2021 – 2022 NC 4-H year for *SPARK OPPortunities (SPARK OPP's)* that will be organized through the 4-H office. Take the opportunity to learn something new and explore something that piques your interest!**

# QUINCY'S CORNER

**QUINCY GUNDERSEN**  
Rural Living & 4-H  
Program Associate

October is just around the corner and is the start of the new 4-H year. What does that mean? New families are encouraged to enroll their youth and family into 4-H clubs and become part of an organization which grows great kids!

## Why 4-H?

Raising great kids is a challenge, but it's easier when you have a team of people behind you. 4-H clubs are groups of families that do just that. Through working together, families share knowledge and interests to help kids learn practical skills and important values.

## What is 4-H?

- ◆ 4-H is a volunteer-led, informal educational program for youth ages 8-18 years old.
- ◆ 4-H is for all youth — urban, suburban and rural.
- ◆ 4-H is youth having fun and learning with their friends as well as families.

## What do you do in 4-H?

In 4-H, youth “learn by doing.” Youth learn useful skills, how to get along with people and how to help our community and country. Some of the ways 4-H'ers achieve this are:

- ◆ Project Work - members choose from over 30 different projects which spark their interests
- ◆ Demonstrations - members learn to speak in front of others and present on their project work
- ◆ Recreation - members play games and make new friends during club meetings
- ◆ Community Service - members help improve their community through engaging in service projects
- ◆ County Contests - members may choose to enter contests and compete throughout the year
- ◆ Exhibits - members exhibit their best project work at the county fair

## How to begin?

- ◆ Go to <https://4h.zsuite.org> to create an account
- ◆ Follow us on Facebook @ Natrona County 4-H
- ◆ Get to know your club leader and start attending meetings!

Please contact me at (307) 235-9400 or email [qgundersen@natronacounty-wy.gov](mailto:qgundersen@natronacounty-wy.gov) to register.

Great things happen to those

trying, learning, and being  
grateful.
