Jay's Thoughts

May 2024

4-H Families,

As May has arrived, I see so much anticipation building for summer, graduations, time away from school, warm weather, and of course, fair. In April, I was excited to see each of the kids at the sheep and goat tagging and some excellent team placements at the State Meats and Wool Judging contest in Laramie. It was exciting to see lots of learning as NC 4-H hosted the first Quality Assurance Training for Market Livestock youth, and lots of learning at a cool fish hatchery tour. Keep learning with the neat opportunities that NC 4-H works to offer in May.

Jay's Thoughts this month are going to focus on leader appreciation because the leaders of Natrona County 4-H do amazing work. They put their best forward for the youth of Natrona County and truly embody the following quote, "Leadership is not a journey to rise in the ranks. Leadership is a journey to help those around us rise."-

Anonymous. I frequently refer to the leaders of Natrona County as "My Leaders". I have caught myself doing this because I am proud of their hearts for the kids and what they accomplish. This is me naming how proud I am of their hard work by saying, "My Leaders". They truly offer encouragement and support, not only to the kids, but also to the 4-H staff, and to each other as leaders.

Another key focus to appreciating leaders is drawn from Simon Sinek, "For a leader to take responsibility, they must first be given it." As the educator and 4-H office, we work hard to structure positions for leaders to do and for them to feel comfortable and be supported in their roles so that our youth have as many opportunities to learn and grow from as possible. The leader's contribution to the 4-H program is vital. Natrona County 4-H exists because many leaders take responsibility for what the program is offering to the kids. Without that responsibility, the Natrona County 4-H program would struggle. Leaders, thank you for caring, giving your time, being a friendly face to kids, mentoring each other, and for helping kids realize their importance in this world.

With Eternal Thanks,

Joshua "Jay" Bliss

Terry's Nook

Happy May!!!

I certainly do enjoy spring with all the migratory birds returning, the flowers blooming and gardens are being planted. The knitting and horticulture clubs are working hard to get all of projects completed for fair.

Spring is also a busy time in 4-H. Soon, the ShoWorks web site will be open and ready for you to begin entering all of your projects for this year's fair in Natrona County. Deadline for all entries is June 17.

Just today, Natrona County 4-H has over 400 youth and 99 adult volunteers actively involved within our County!! Our county is strong and vibrant!!

Hope many of you tuned into K-Love or Air 1 to hear a few of our kids and Josh talk about their positive experiences in 4-H. We were told that this will air a total of four times. Once we know of the next time I will advertise it on Facebook.

Many animal Superintendents and 4-H Leaders have been training our kids how to take care and show their animals. The QA courses are still available and are mandatory for all that want to sell at the Jr. Livestock Sale. If you have any questions about this please contact me here at the office, on line, in person, or by phone. Deadline is June 17 to get this completed. There are multiple prizes to be given out if you have completed the QA by this time. Please remember, if it is completed on line, you must notify me of this prior to the deadline.

There is lots of necessary information to know about all of the upcoming dates and deadlines. You will find all of it in this newsletter. Please take time to read it and probably print it as there is lots to keep track of. The Natrona County Facebook page is also a quick reference to upcoming events.

Enjoy your spring,

Terry Kipp

Quick News Break

“A. B. Graham started a youth program in Clark County, Ohio, in 1902, which is considered the birth of 4-H in the United States. The first club was called “The Tomato Club” or the “Corn Growing Club”. T.A. Erickson of Douglas County, Minnesota, started local agricultural after-school clubs and fairs that same year. Jessie Field Shambaugh developed the clover pin with an H on each leaf in 1910, and by 1912 they were called 4-H clubs.”

Wyoming 4-H Volunteer Summit Workshops Needed

Wyoming 4-H is excited to host the Volunteer Summit in Casper, September 27-29, 2024! Volunteers from across the state will gather to share ideas, learn from each other, network and have fun while meeting their annual training requirement!

The cost to participate is \$100 and does not include lodging. Local funding options may be available! Registration is now available here - <https://tinyurl.com/wyo4hvolunteersummit>

Organizers are currently seeking workshop proposals and YOU are encouraged to consider sharing your 4-H expertise! Time slots for teaching vary from one hour up to three hours for more in-depth learning.

You may be contacted by a 4-H Educator to present, but you do not need to wait for an invitation! Here are some fast facts to consider.

I Wouldn't Know What to Teach: Whether as a 4-H Club Leader, Coach, or Project Leader, every 4-H Volunteer does things a little differently. Your unique approach may just be the inspiration or change someone else is looking to implement! Use this opportunity to share your special knowledge to support someone else!

Topics: In addition to 4-H Project how-to options, workshops could also highlight the special and unique ways you organize your 4-H Club. Maybe you lead a special opportunity for project learning or have a successful service project that could be replicated. Other suggestions include fundraising, project resources, judging teams, recruitment, Junior Leaders, Cloverbuds, Camp ideas, and other ways you engage members in 4-H.

How Should I Present This: Hands-on learning *is* our favorite way to learn! While that's not practical for *every* topic, consider ways in which other adults could comfortably learn-by-doing. Consider resources that you could share such as handouts, websites, or packets. Check with your local Extension Office, too.

Ready? To present your great idea, complete this form: [Volunteer Summit Workshop Proposal](#)

What's Your Job? Discussion 4-H Volunteer Roles—February 19, 2024
Each year when you sign up to be a leader you can choose a volunteer role. What is the difference between the roles? What are the different opportunities to get involved in your county program. This is a great session for current and prospective volunteers to learn more about how they can engage in the 4-H. Being a volunteer can be as simple as managing a Facebook Page to as complicated as running a committee or club. Find out more!

Beyond the County—March 19, 2024
4-H has so much to offer. With the summer approaching join this session to learn more about what is going on beyond your county borders. Find out more about Showcase Showdown, Meats and Wool Judging, and State Fair. Learn how and when your child can travel nationally and internationally with 4-H. We will also provide information on fundraising and scholarships available for these opportunities.

Helping Members Reflect - April 15, 2024
4-H is about hands on learning, but what happens when the learning is done? 4-H uses the experiential learning model asking members to do something, reflect on their learning, and then apply it to their life. In this workshop we will discuss tricks and tools to help member reflect on that they are doing, taking their 4-H experience to the next level. Join us to help youth in your county or maybe even your own family, think beyond their project learning.

Basic First Aid—May 2, 2024
Does your 4-H club or project have a first aid kit? Is it stocked with the correct items and do you know how to use them? Join us to talk more about basic first aid. This is a great training for volunteers, parents, and even older youth!

Talk to your local 4-H Educator about hosting a watch party at the Extension Office. A link to participate in the meetings above will be sent to your 4-H enrollment e-mail account one week prior to the meeting.
Hope to see you there!

Counseling Access for Wyoming Ag

The past few years have been demanding. Especially for our Wyoming producers.

Align is partnering with the Wyoming Department of Agriculture to provide vouchers for up to six counseling sessions for individuals working in agriculture, rodeo, and/or farming communities.

Depression, anxiety, and other trauma-related symptoms are common responses during a stressful time such as a global pandemic. You are not alone. Asking for help, seeking support, resources, education, and simply reaching out are positive steps to take to deal with the overwhelming uncertainty that our agriculture, rodeo, and farming community are faced with every day.

Counseling Voucher Instructions

- Reimbursements for counseling services are available until August 2024 or until grant funds are fully utilized.
- Mental health professionals licensed in Wyoming are eligible to submit for reimbursement on behalf of their client's working agriculture, rodeo, and/or farming communities.
- Please send invoices and a W9 to Sheila Ricley at srciley@thealignteam.org for reimbursement consideration.

Invoices must include:

Invoices must not include any personal information for the client. For more information for yourself or your counselor please email Sheila Ricley at srciley@thealignteam.org.

BARNYARDS & BACKYARDS

RURAL LIVING IN WYOMING
www.barnyardsandbackyards.com

Good afternoon! We'd like your help! (if appropriate)

We carried out a survey of Wyoming small acreage landowners in 2015. The data from this survey has been very useful in guiding our small acreage educational activities. As this data is getting old it is time to conduct another. We'd like your help getting the word out.

We would greatly appreciate it if you could include the blurb below in your newsletters or other means of communication with your clientele. We have placed a Facebook post on our page <https://www.facebook.com/BarnyardsBackyards/> if you would like to Share it out. If you have already done so – Thank You!! We plan to leave the survey open until mid May.

We are also attaching a QR code image, general image and B&B logo in case they are of use to you in print or other communications. There is also a shorter URL for the survey in case you need it for print. It is <https://bit.ly/wysurvey2024>

If you have any questions just contact Jenny Thompson at wyo004@uwyo.edu or 307-760-0007

If you own or manage between 1 to 160 acres of land in Wyoming we want to hear from you! We are conducting a survey so that we can better provide Wyoming landowners/managers with practical, user-friendly informational resources on subjects such as gardening, growing trees, snow control, pasture management, weed control, raising livestock and a whole lot more. **First 500 people who fill out the survey** have the option to receive a **free 1-year subscription** of *Barnyards & Backyards* magazine.

Take the survey at https://uwyo.sjc1.qualtrics.com/jfe/form/SV_3w2gNTToMCUt01g2

This survey is being conducted by the Small Acreage Issue Team (*Barnyards & Backyards*).

2024 QUALITY ASSURANCE

**YOUTH PLANNING TO SELL AN ANIMAL THROUGH THE CENTRAL WYOMING FAIR
JR. LIVESTOCK SALE MUST COMPLETE A QUALITY ASSURANCE TRAINING EACH
YEAR.**

The 4-H Quality Assurance (QA) Class teaches youth about the quality of meat and food products that come from livestock. Quality assurance for livestock producers means making a promise to the consumers from food production animals. Quality assurance is a pledge or promise to:

1. Provide a food animal product preferred by consumers, and
2. Provide a safe, wholesome food animal product. Food animals are those whose products (meat, milk, and eggs) have the potential to become part of the food chain.

The promise made is that products from livestock will be the highest possible quality and 4-H/FFA youth producers will do everything possible to make these products safe to eat and that our sale is of the highest quality.

REQUIREMENTS FOR SALE ELIGIBILITY

- ▶ All FFA (13 and younger), Junior and Intermediate 4-Her's will be required to take **one** QA clinic each year to sell an animal(s) in the Natrona County Jr. Livestock Sale at the Central Wyoming Fair.
- ▶ FFA & Senior members (ages 14- 19) will be required to take one year of QA education to sell an animal(s) in the Natrona County Livestock Sale at the Central Wyoming Fair. If the first year of a livestock project is taken as a senior, the QA clinic must be taken that same year.
