

# NIOBRARA COUNTY 4-H NEWSLETTER

---

## This Month in 4-H

Happy New Year! It seems that we were just gathering for Achievement Day and now we are on the downhill side of beef tagging! With the New Year comes new goals. Now is the time to sit and do some thinking on goals for your 4-H year. When setting your goals, think SMART! Set goals that are:

**Specific** – increase your chances of accomplishing your goals by making sure they are well defined. Determine the who, what, where, when and why.

**Measurable** – measure your progress toward your goals. Detail factors that help you decide if and when you reach your goal.

**Achievable** – ensure your goals are met by having or learning the skills and resources needed to reach the goal.

**Relevant** – align your goals with the realities of your time and abilities.

**Time-based** – give yourself a deadline for reaching your goals and an opportunity to look forward to resources needed to reach your next goal.

There are a lot of events starting to fill the 4-H calendar. Be sure and get it bookmarked into your favorites. Shooting Sports practices will be starting this week, be sure and join the Shooting Sports Facebook page for details. Once again, if you are enrolled in a livestock project and are planning to sell at the 2023 Niobrara County Fair, you will need to participate in at least one educational opportunity. This year the YQCA training has been added as an option along with other management/career ed. ops. to come. As always, if you have any questions, please do not hesitate to contact me!
