

University of Wyoming Extension

2017-2018 Fall / Winter

Upcoming Programs

* November 16th~ Fall Ranching Seminar

The University of Wyoming Extension is excited to partner with the Meeteetse Conservation District to bring a great seminar to the local ranching community.

This FREE seminar is focusing on larkspur poisoning and management, matching cow size to Wyoming range conditions, alfalfa weevil management and the results of UW's predator survey. Please RSVP to the number below and we will see you there.

Location: The Meeteetse Conservation District, 1906 State St. Meeteetse, WY From 1-4:30pm

* December 6th~ Expanding the AG Operation

Laying the groundwork and preparation for expansion now will catapult the operation when the timing is right. Please join us for this great seminar and local producer panel discussion which will explore how to think systematically about expanding your operation, how to get started with assessing your enterprise, and knowing how to get your banks support. Please RSVP to the number below.

Location: UW Research and Experiment Center, 747 Road 9 Powell, WY From 10am-2pm
Lunch provided by Farm Credit Services of America

* December 22nd~ Annie's Project

Annie's Project is a nonprofit organization dedicated to providing educational programs designed to strengthen women's roles in the modern farm enterprise. Annie's Projects foster problem solving, record keeping, and decision-making skills in farm women. This course is broken into five class sessions that provide an educational opportunity for all women interested in Agriculture. Participants will engage in a personality assessment, financial management and projections, agriculture markets, ag resources and programs that are available, and more. There will be a course fee of \$40 for materials.

Space is limited for this wonderful course, please register at the number below.

Location: Park County Fairgrounds, Powell on the following dates and times:

January 9th, 11th, 23rd, 25th from 5-9pm

January 27th from 10:30am-2:30pm

EXTENSION

Please RSVP to Jeremiah Vardiman at
754-8836

* Private Pesticide Applicators Training

- January 30th Lovell, Lovell Annex~ 8am-12pm
- January 31st Cody, Park County Library Grizzly Room~ 1-5pm
- February 12th Greybull, Big Horn County Weed & Pest~ 1-5pm
- February 20th Powell, Park County Fairgrounds Bicentennial Hall~ 8am-12pm

UW Extension will be partnering with Big Horn County Weed and Pest, Park County Weed and Pest, and the Wyoming Department of Agriculture to provide this training for new and renewing private pesticide applicator licenses. There is no fee for the trainings and participants are allowed to attend any training that fits their schedule. Any landowner that anticipates applying restricted use pesticides must acquire a private pesticide application license through this training or take the exam through the extension office, prior to purchasing and use of said pesticide. The topics covered during these trainings are integrated pest management, pesticide labels, pesticide safety, pesticide exposure, calibration, worker protection standards and more. For more information please call the Park County Extension office at 754-8836.

* February 6th~Back Country Horse Care

This program is free and geared towards outfitters, guest ranches, hunters, and back country horse enthusiast. Open to the general public, this program will cover common problems in the back country, dental care, hoof care and nutritional needs for working equine used for packing, outfitting and back country riding. UW Extension is excited for this opportunity to offer unique programming for our area. Guest speaker Dr. Karl Hoopes, whom is an Equine Specialist for Utah State University, will be presenting and is available for questions. Please come enjoy this great event and see a live dental demonstration. Please call Jeremiah Vardiman at 754-8836 with any questions.

Location: NWC Trapper Arena From 5-9pm

*February 7th & 8th~ Farm and Ranch Days in Riverton
