**JOIN US IN CODY OR VIRTUALLY FOR UW EXTENSION'S
FARMING ABOVE 7 SYMPOSIUM!**

UW will be hosting a symposium in Cody on February 14th & 15th. Participants can discuss and learn about the science behind farming in alkaline soils & methods to improve production while hearing from several soil science professionals. This will also cover CEUs for crop advisors. Meals are included with in-person registration. Click the flyer above to see the Eventbrite site to learn more, and click [here](#) to view our Facebook events page. This is open to anyone interested in farming or soil health across Wyoming!

JANUARY 2024

The flyer is a vertical rectangular card with a yellow border and a grey background. It features a large title at the top, event details, a schedule of speakers and topics, and logos at the bottom. The background of the entire image is a photograph of a green field with a herd of cattle in the foreground and mountains in the distance under a blue sky.

EXTENSION  Utah State University

 SARE

 UNIVERSITY OF WYOMING Extension

The University of Wyoming and Utah State University are equal opportunity/affirmative action institutions.

UW Extension will once again be hosting Wyoming-Utah Ag Days in Evanston. This event will bring ag professionals from both states and include a tradeshow-show style exhibition where organizations will discuss their work and have resources available. Hear from four University specialists and get a free lunch! See the flyer for details and call (307) 783 0570 to RSVP!

JANUARY 2024

COLD WEATHER CARE OF CATTLE WITH UNL

As many learned last winter, the cold months can be extremely stressful on cattle. UNL Extension has some advice for dealing with increased nutritional demand and management to decrease the stress of winter time. Click the cow to see UNL's webpage on winter care and [here](#) to watch a webinar from Dr. Rick Rasby.

TENANT RESPONSIBILITIES AND RENTER RIGHTS WITH UW'S AGNEWS

Many people sign a renter's lease without fully knowing what they are responsible for and what they have a right to. This can apply to both tenants and landlords. For a walkthrough the basics of landlord-tenant law, read this article from AgNews by clicking the image to the right.

LANDLORD-TENANT
LAW

Issued in furtherance of extension work, acts of May 8 and June 30, 1914, in cooperation with the U.S. Department of Agriculture. Kelly Crane, Director, University of Wyoming Extension, College of Agriculture and Natural Resources, University of Wyoming Extension, University of Wyoming, Laramie, Wyoming 82071.

The University of Wyoming is an equal opportunity/affirmative action institution.
