

Hi, my name is Hunter Finley and I have been doing 4H for the past four years. I am part of the Elk Mountain Outlaws. My favorite parts of 4H was shooting shot gun, muzzleloader, archery, going to State Shoot and competing against my friends.

This year I participated in highway clean up as part of my community service project.

I was also able to lead the Pledge of Allegiance and the 4H Pledge at one of the club meetings. My favorite activity at the club meeting was pumpkin carving but I hope this year we do more activities outdoors. I would like to go on a hike and maybe hydro-dip something again.

1

During the muzzleloader time, I learned how to load, clean, take the gun apart, and the history of the muzzleloader. My favorite parts was actually shooting the gun and learning from Doug. County Shoot was memorable because it was snowing outside and Doug's wife brought us hot chocolate.

2

I was able to shoot up to forty yards this year with archery. During County Shoot I think I was actuate and learned to how shoot at farther distances. During the shoot, the screw fell out of the top wheel which caused my draw length to go down. Thanks to Tony, he gave me another screw to finish the shoot. The peep sight also came off during county shoot. I learned that I need to bring extra parts for my bow and to check all parts before shooting.

On July 13<sup>th</sup>, I went to State Shoot in Douglas for archery. I learned not to get mad at myself and to calm down while shooting. I also learned not to get jealous at the other opponents because it messes with my head, and I don't shoot as well. I didn't shoot as well as I would have liked but it was a good learning experience, and I know what I want to do differently for next year.
