4-H PROJECT EXPLORATION

Each month we explore a few of the many project areas that Wyoming 4-H has to offer, and at today's meeting we focused on quilting. Quilting is a historical pastime, tradition and craft that has been around for thousands of years, like a giant patchwork story that connects people across time and places. It's basically layering fabric with padding and stitching it all together to make something warm and pretty. A great jumping off point to begin a conversation about quilt with your child is by asking them to imagine what their favorite blanket would say if it could talk -what adventures would it share?
